When you walk the fairways at La Costa Resort and Spa you are following the same paths that the legends of the game have traveled for more than 30 years.

Our two PGA Championship 18-hole golf courses are both beautiful and traditional in design, providing a formidable challenge to a golfers' shotmaking ability, both off the tee, and around the greens. Plus four sets of tees provide a golf course length for all players to enjoy.

But to truly appreciate these legendary golf courses, you have to tee it up and experience them firsthand. Then, and only then, will you understand why La Costa is beloved as a golf resort with a rich history.

The General Thoracic Surgical Club has reserved 20 tee-times for this tournament. If you are interested in playing golf, please make notation with the number of people golfing (1, 2, 3, etc.) on your registration form so additional spots can be requested.
