

**CHIEF, THORACIC SURGERY
BANNER MD ANDERSON CANCER CENTER, PHOENIX, AZ**

Banner-MD Anderson Cancer Center is actively recruiting for a Thoracic Surgery Chief to join our growing team. This unique opportunity to join a strong team of national leaders in multidisciplinary cancer care, education, and discovery.

The Chief will lead the Thoracic Surgery and Oncology Programs across all Banner MD Anderson Cancer Center locations in Arizona and Colorado. Responsibilities include growth of the multidisciplinary program, recruitment and retention of faculty, and implementation of a robust clinical research program in collaboration with MD Anderson Cancer Center in Houston, Texas. The successful hire will join the faculty at the **University of Arizona College of Medicine Phoenix** and have the opportunity for an adjunct faculty appointment from the **University of Texas-MD Anderson Cancer Center**.

It is expected that the Section Chief will spend approximately 30% of their time overseeing administrative responsibilities and the remaining 70% focused on part time clinical practice in the cancer center. Qualified candidates are to be board-certified/board eligible and have relevant training/experience. Ideal candidates will be proficient in the surgical management of general thoracic surgical diseases, including benign and malignant lung, esophageal/foregut, chest wall, pleural, and diaphragm surgical disease. Lung transplant experience/proficiency is not a requirement for this position. Minimally invasive thoracic surgical skills (robotic, VATS/laparoscopic, endoscopic) are also highly desired.

Joining our program affords an opportunity to enjoy:

- Team approach to care with focused disease-specific expertise in the medical, radiation, and surgical management of the cancer patient
- Evidence-based, multidisciplinary approach to patient care
- Access to clinical trials and new investigative therapies
- State-of-the-art technology for the diagnosis, staging, and treatment of all types of cancer
- Oncology expertise in supportive care services
- Dedicated APP support
- Competitive compensation and benefits commensurate with training and experience
- Opportunity for an adjunct faculty position at UT MD Anderson Cancer Center and University of Arizona

We are seeking applicants with:

- Board Certified/Board Eligible in Thoracic Surgery
- Possess experience in Thoracic Oncologic, Esophageal, and Lung Surgery
- Excellent clinical training and interest in clinical research preferred
- Ability and desire to support a growing team and align with the needs of the program

Designed with experts from **The University of Texas MD Anderson Cancer Center**, the Banner MD Anderson Cancer Center has an evidence-based design and state-of-the-art technologies including advanced surgical tools, the Da Vinci robotics system and advanced treatment capabilities. This is an exciting and exceptional opportunity for a highly motivated Thoracic Surgeon with oncology experience to practice in a cutting edge, multidisciplinary cancer center. Candidates should have a strong interest in building a thoracic surgery program, practicing in collaboration with our existing multidisciplinary cancer team and with the world class Thoracic Surgery Department at MD Anderson Cancer Center in Houston Texas.

Banner Health, a Top 10 Health System for clinical performance according to Thomson Reuters, has teamed up with the MD Anderson Cancer Center, repeatedly ranked number one by U.S. News and World Report in cancer care, to open the Banner MD Anderson Cancer Center. This center is the broadest extension of MD Anderson's services outside of Houston and brings an unprecedented level of cancer care to the greater Phoenix area and entire southwest region.

WE OFFER YOU generous compensation including: competitive base salary plus incentives (wRVU) + paid occurrence-based malpractice + paid CME plus allowance + 401k matching and 457(b) deferred compensation plans + excellent benefit package options that provide security for you and your family. Additionally, our suburban locations provide you with convenient access to world-class entertainment, year 'round outdoor activities, amazing desert beauty, and excellent quality of life.
