

Thoracic Surgeon
Banner MD Anderson Cancer Center
Location: Phoenix, AZ

The Section of Thoracic Surgery is actively recruiting a Thoracic Surgeon to join our growing team at Banner MD Anderson Cancer Center (BMDACC) in the Phoenix metropolitan area. This unique opportunity to join a national leader in multidisciplinary cancer care, education, and discovery. Ideal candidates will be proficient in the surgical management of general thoracic surgical diseases, including benign and malignant lung, esophageal/foregut, chest wall, pleural, and diaphragm surgical disease. Lung transplant experience/proficiency is not a requirement for this position. Minimally invasive thoracic surgical skills (robotic, VATS/laparoscopic, endoscopic) are also highly desired.

Banner Health is ranked in the top 10 healthcare systems nationwide. In 2011, our cancer program became the first partner member of the MD Anderson Cancer Network® and is a fully integrated, clinical extension of The University of Texas MD Anderson Cancer Center. Since that time, we have grown to include multiple locations throughout the Phoenix area and in Northern Colorado. Discovery is cornerstone of our program, and we currently have 135+ ongoing clinical trials. The Section of Thoracic Surgery is also committed to education with programs for medical students, residents, and advanced practice providers.

Joining our program affords an opportunity to enjoy:

- Multidisciplinary clinical practice in a collegial environment
- Professional growth opportunities including faculty appointments with the University of Texas MD Anderson Cancer Center and the University of Arizona College of Medicine Phoenix
- Life in a desirable urban/suburban setting with abundant recreational opportunities
- Competitive compensation and benefits commensurate with training and experience

FOR IMMEDIATE CONSIDERATION, SUBMIT YOUR CV and letter of interest Attn: Michael Choti MD MBA, Chief of Surgery, at: doctors@bannerhealth.com.
